Abbey Fuelcards helps drivers and fleet managers reduce their carbon footprint

Abbey Fuelcards makes a positive contribution to helping cardholders manage and reduce their carbon footprint.

Abbey's range of support services includes a free monthly report which shows overall fuel consumption and miles per gallon. This provides fleet managers with accurate, up-to-date information from which they can work out the carbon footprint of each of their vehicles.

Additionally, the Abbey fuel price, which is set weekly and is always keenly competitive (usually 2-3p below pump prices), applies nationwide. This helps to reduce fuel consumption by eliminating any need for drivers to drive around searching

on the **MOVE**

for the best fuel price locally. It also protects Abbey cardholders from potentially costly regional price variations.

Furthermore, the extensive network of Abbey sites makes it easy for drivers and managers to plan fuel stops that do not take them out of their way, thereby saving valuable time and fuel consumption.

Finding a convenient forecourt for re-fuelling is also easy and quick, whether in the office or out on the road, by the availability of Abbey site locators in numerous formats - including sms, printed directory, sat nav, and online.

For more information on how Abbey Fuelcards can reduce fuel consumption and fleet costs, call Abbey on 0845 055 1695, or email: info@abbey-fuelcards.co.uk or see: www.abbey-fuelcards.co.uk
